

STRATEGIC PLAN 2018 - 21

OVERVIEW

1. **ATTENDANCE** to rise to 97% overall with no group of students (incl. SEN and Disadvantaged) below the national average of 95%
2. **BEHAVIOUR** for Learning where low level disruption is minimal and exclusions are rare
3. **CHALLENGE** for every student in every class at KS3 and KS5, in particular, to ensure students make greater progress
4. **DISADVANTAGED STUDENTS** to make at least as much progress as the national cohort of non disadvantaged students
5. **ENHANCING THE SPIRITUAL LIFE** of the school by enabling students to be ever more active in planning and delivering liturgies and other elements of the Catholic life of the school
6. **FINANCIAL SUSTAINABILITY** against a background of fixed income and rising costs

In the full plan we have laid out the methods and resources for achieving these targets, who has lead responsibility in each area, what success will look like (milestones) and how we will monitor and evaluate our progress.

The plan will be regularly reviewed by the Senior Leadership Team and the Governing Body
